A NEW STEM WINDER! PRICE \$8.00.

With the New Year come new styles and inventions. Prominent among these ranks nur new Stem Winding Watch, named "Old 88'8." Although heretofore we have always handled true sest watch of each kind that it was possible to get, yet it has been impossible to get a liwe priced watch, with the stemwinding altachment, that could be relied upon for time, and have a finished appearence. This seems to have been accomplished by the inventor of "Old 18'88." We need only refer you to the cut given in connection with this, which is an exact imitation of it, and say that it is perfect in every way. The works are covered with a heavy plate glass cap, then this is covered with a hunting case. The front of face is a plate glass cap or crystal 16 of an inch thick, set in a heavy rim one-half an inch in width, making it almost impossible to injure the watch.

It is fitted especially for Ruilroad, farm and shop uses, where dost and dirt are lable to get in on open, sing. As the case fit very closely, and being a stem-winder and open dial, it need never be opened. If you need a watch, try this. It is entirely new and novel. You can rely on it for time. You will be the only one in your neighborhood having such a watch. It looks exactly life gold and will save it cost in a few years, by saving what you would have to pay for repairs on an ordinary watch.

Remember the price is only \$8.00 by Express, or \$6.50 by Mail Regis-

We also furnish with the watch, when desired, a chain of the same material, (Pure Abyssinian Gold) heavy long links and elegant seal charm attached, for \$2.50 each, or watch and chain \$100.00 by Express, goods by Express subject to examination, on receipt of \$1 the amount of order, and balance can be paid the Express Company on receipt of package. On goods to be sent BY MAIL the full amount must be sent with order. Send money by Post Office Money Order, Registered Letter, or Draft on New York or Chicago. We will not send a watch by mail without registering, as it costs but fifty cents to register it, and this insures its safe delivery. We will hold ourse lyes "order anally reasonably reasonable for all goods or money sent as a bove directed.
